Nepal International Human Rights Film Festival

Kathmandu, Nepal

Dear Bev,

Advocacy Forum (AF) is very pleased to be a Participating Sponsor in **the 2012 Nepal International Human Rights Film Festival**. The festival will significantly advance the work of all human rights organizations in Nepal while shining a light on issues that are relevant to people around the world.

We are confident that the screening of these important films will be a catalyst for dialogue and positive change in Nepal, and look forward to working with the festival to bring these powerful and compelling films to the Nepali people. We believe that the film festival would contribute to initiate further discussions on the prolonged transition and impunity in Nepal.

AF is working in the promotion and protection of human rights in Nepal since 2001. AF mainly works in the areas of prevention of torture, legal assistance to victims of human rights violations, transitional justice among others. AF has also been producing two documentaries the theme of enforced disappearance and torture in Nepal which we AF is planning for screening during the film festival.

Sincerely Yours,

Dr. Hari Bansh Tripathi
